Six Ways to Give

Free mobile-giving app

Give in seconds with just a couple of taps. Designate a gift to one or more funds in a single transaction. Schedule regular automated giving. Manage account and payment information, and much more.

Text giving

Church text giving is hands down the fastest and most convenient way to give. Plus, it's kind of fun. Once you have your dedicated church text-giving number, members can give directly to your church via text message.

Online Giving

Add a Tithely donation form on your church website and make it simple for your members to give directly to your church vs. redirecting them to a third party giving page. Your giving form will be mobile optimized, ensuring your donors have a seamless experience when giving on the go.

Check Scanning

Our new check-scanning feature saves your team time and stress when it comes to depositing checks. At Tithely, you can use a check scanner to quickly scan, reconcile, and remotely deposit checks into your church's account.

Admin Gift Entry

Still allowing members to enter credit or debit card info on envelopes? No problem! With Tithely, you can process all of those gifts in bulk or one at a time. Long gone are the Monday mornings spending hours doing data entry.

Kiosk Giving

With Tithely, every tablet or laptop computer can become a giving kiosk. Enable giving for your members and visitors as they enter or exit the building, fellowship with friends, or enjoy a cup of coffee in your cafe.

A world of functionality awaits you

Daily deposits

Conveniently choose to have funds deposited daily, weekly, or monthly into your church's bank account.

In-depth reports

Managing your financials is a breeze with full gift, transaction and deposit reporting capabilities. Giving summary reports are great for tracking giving against weekly budget or any fundraising efforts.

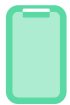

Tax receipting

Easily create monthly, quarterly, or yearly tax receipts to share with your members for their use during tax season.

Auto-recurring giving

Donors can easily set up recurring gifts with one click, maintaining giving consistency.

Pledge Campaigns

Give your church members the tools to partner with you in meeting a long-term goal like raising money for a new building or funding a mission trip.

Seamless Quickbooks Integration

QuickBooks is a household name for financial reporting and bookkeeping. At Tithely, you can easily sync your church's Tithely account with your QuickBooks Online account. This will save you time transferring information, and ensure your church's financial records are precise.
